PRESIDENT'S REPORT - MARCH 2020

The community hall has once again been booked for the **Local Government elections** to be held on Saturday, 28 March, 2020. Polling will commence at 8.00am and conclude at 6.00pm so don't forget to vote to ensure we get the right people on Council. Voting is compulsory!

ANZAC Day is coming up on Saturday 25 April, so put this in your calendars. Dawn Service at 5.50am followed by a Gunfire Breakfast in the hall for a gold coin donation. Each year, we try to focus on a particular campaign and this year, being the 75th anniversary of the end of the War in the Pacific we will focus on the New Guinea Campaign – the only time in history our very shores have been under threat – all other engagements have been on foreign soil. So, if you have your own service medals wear them with pride on your left breast. If they are your relatives' medals wear them with equal pride and gratitude on your right breast. Lest we forget!

River Heads has been discovered!! Our quiet little village is attracting home owners from all over Australia. Building approvals are increasing as we write. This diversity is what makes River Heads such a special place to live. We have such interesting, caring and clever people living here and we invite more community members to join the Progress Assn. Currently, as we are half way through the year, membership is half price – just \$7.50 until July. The River Heads Progress Assn Inc. strives to provide services and facilities for our community. Friday night at Rivers Cafe & Bar at the hall is a great place to meet the locals and become part of this wonderful community. Doors open 5.30pm.

RIVER HEADS ROCKS: I am pleased to report that the RHPA Management Committee has offered an in-kind sponsorship for this event to be held at the RV Park on 26-28 June, 2020. We wish Suzanne and Paul every success for this wonderful inaugural event. Stay tuned for more info.

We have only had one enquiry about the **proposed art classes** at the hall, so this will be on hold pending more interest. Thank you to Joan Cooper for offering these classes. Speaking of activities at the hall, have a look at the contact page in this Review. There is no need for anyone to be lonely or bored and if you don't have transport we can arrange. Phone me on 0499 992 442.

Stop the hoons!! There have been quite a few reports of hooning happening around the area over the last few months. People are entitled to enjoy the safety, peace and quiet of their own property. If you see any of this illegal activity please contact the **Hoon Line on 134 666 (13HOON)**.

A **big thank you** to Wendy Wong and Joylene Prayle who will hold down the kitchen and cleaning fort while our resident chef, Lizzie Stewart, and Cleaner Rob Stewart are on a well deserved holiday.

And, at the end of a hard week, rock on down to the hall on Friday for a yummy meal and icy cold beverage. Let Liz, Wendy and Ebony prepare a fantastic meal for you, not to mention our hardworking prep and bar crew. Bistro and bar open at 5.30pm. Hope to see you there! New helpers always welcome. Call Elizabeth Burgess on 0403 019 903 or Billie on 0499 992 442 – it's only a couple of hours once a month!

That's all folks! Take care, stay well and enjoy life.

Billie Rustin

Thank you to those residents who have joined me at the last Community Chat at VK Café and thank you to the VK's team for letting me use the deck for the Saturday morning chats.

After the Election, I will be trying to rotate between a Saturday and Tuesday for chats (if I am elected that is).

I still am awaiting an update on the outcomes of the Traffic Advisory Meeting in relation to the concerns with the speed limit on River Heads Road, details will be passed on as soon as they are received.

In relation to the other matters raised - the lighting at the Bingham Road & Booral Road intersection, upgrades to the existing floodway Bunya Creek crossing on Booral Road, and for the erection of a flood warning sign around the Bingham Road & Booral Road intersection - we are still awaiting comment from the Department of Main Roads.

I will continue to lobby for them as requested to ensure they are considered as soon as possible.

There have been some significant changes for the better right across the Division 7 in the past 8 years and I am confident there will be many more to come going forward. We have delivered a number of projects that have well and truly improved the liveability in the River Heads area and there are more to come.

I do look forward to continuing working to make the Fraser Coast a better place with your ongoing support.

Thank you for your support in advance on March 28th.

Developing Patient Endurance

by Sue Watson

Adapted from *The WORD for TODAY*

Isn't it interesting how as we get older, most of us tend to become more patient, even though we have less time left?

Why is that? Perspective! Our problems haven't changed that much, but our perspective has. Things that once upset us don't anymore, because we've lived long enough to work out most things aren't such a 'big deal' and that there's no use fretting and complaining.

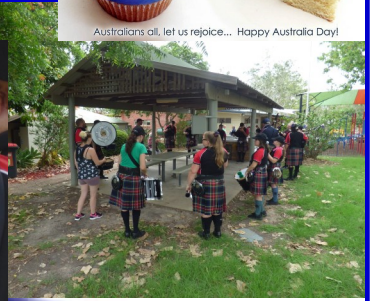

We've managed to get through things in life we thought we'd never survive! We realise, as we look back on life, that we've learnt some very good lessons, plus some wisdom, as we've had to endure "hard times".

Yes, perspective produces patient endurance.... as Paul writes in Romans 5:3-5 *"We can rejoice when we run into problems and trials, for we know they are good for us, they help us to learn to be patient. And patience develops strength of character, and helps us trust God more each time we use it. So eventually our hope and faith are strong and steady. When that happens we are able to hold our heads high, no matter what happens, and know that all is well. For we know how dearly God loves us, and we feel this warm love within us because God has given us the Holy Spirit to fill our hearts with His love."*

So let God develop your patience!

Welcome from the Fishing Club.

Summer is over and at time of writing, still no news on Great Sandy Marine Park draft plan for the next 10 years. We believe it is in the Minister's office waiting for final approval. There will be 4 to 6 weeks public consultation period before legislation is presented to parliament. Hopefully it will be all completed by 30th June this year.

Just a quick reminder that membership fees are now due so to weigh-in fish at fish meets, you must be a financial member.

Our sponsors now supply vouchers for goods and services in lieu of cash which works for members and sponsors. We sincerely thank our sponsors.

February Fish Meet, saw members weighing in some impressive catches.

Margaret Horlock's 105cm Giant Trevally, awarded 'Most Outstanding Fish' for the meet, Hergy 100cm King Thread Fin Salmon, Gary Bateman a 71cm Mackerel and Peter Jasse a 65 cm Mackerel.

Not to be excluded, some newer members starting off the year with fish catches recorded also. Keep up the good work.

Next Fish Meet will be the 6th, 7th and 8th March.

The committee meetings are now held on the Wednesday night before the fish meets at the hall at 6.00pm and all members are welcome to be involved.

The Containers for Change and the Friday night chook raffles continue to be quite profitable for the club. You can help by dropping off stubbies and cans at the shed and supporting the chook raffles on the 2nd Friday night of the month at the hall.

A bloke called Swampy asked me a few questions recently but I don't have answers.

Why does a round pizza come in a square box?

What disease did cured ham actually have?

If electricity comes from electrons, does morality come from morons?

Why are you IN a movie but ON TV?

May your lines be tight, hooks sharp and knots strong.

The Editor.

SHARING THE ROAD WITH HORSE RIDERS

There are quite a few horse properties in Booral and riders are often seen hacking out along the road. Unlike cars, a horse and rider are allowed to travel on footpaths and nature strips unless the local Council has laws against it.

Since a horse and rider are considered a vehicle, they are bound by the same rules and must follow the same signs. As horses are slower than cars, riders must ride as close as possible to the left-hand side of the road and travel the same direction as the traffic.

Motorists, please be mindful of a potentially dangerous situation when approaching a horse and rider.

The Queensland Government Road Rules state that ***"If a horse rider signals that their horse is jumpy or agitated, vehicle drivers must stop at the side of the road and turn off their motor. The horse rider can signal to the driver by raising a hand and pointing to the horse. The driver must not move the vehicle until the noise of the motor, or the movement of the vehicle, won't aggravate the horse. Drivers should take great care and treat all horses as a potential hazard."***

Never sound your horn, rev your engine or pass a horse at high speed. Drivers ***"should pass wide and slowly"*** when passing a horse and always listen to a rider's request to slow down or stop.

If a driver doesn't slow down or drives in a dangerous or inconsiderate way around horses on the road, try and get their number plate and report it to your local police station.

Butchulla People's Historic Land and Sea Claim between Rainbow Beach and Burrum Heads

An ancient connection to almost 100,000 hectares of land and waters around the Fraser Coast has been recognised after a special Federal Court determination was handed down on Friday 13th December, 2019.

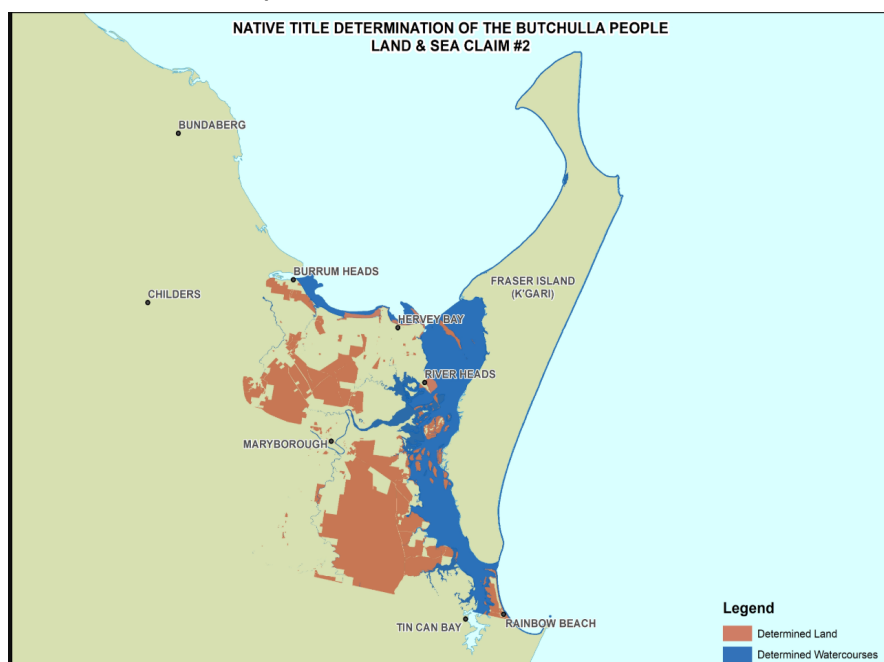

That day, the Butchulla people's unbroken ties to more of their traditional country were recognised at a Consent Determination Hearing in Dayman Park, Urangan.

This determination recognises the Butchulla people's history with their land and protects their rights for future generations, including their rights to fish, hunt, hold ceremonies, and pass on dreaming stories and bush lore of their ancestral land.

This Federal Consent is the Butchulla people's second determination in five years and adds to the previous 2014 native title determination which recognised 164,958 hectares of land at Fraser Island, known by Butchulla traditional owners as K'gari.

The new determination recognises exclusive native title rights and interests over more than 17,219 hectares, and non-exclusive native title rights and interests over more than 79,608 hectares of land.

Breathtaking Water Views

River Heads • Turtle Cove • Booral

What a difference a couple of months makes... From late last year when everything was dead and brown across River Heads we are now seeing an explosion of colour across our town with rolling green pastures everywhere you look.

Enquiries are on the up and it is still the larger half acre blocks that everyone is looking for. We have had great interest in vacant land in the \$180,000 to \$300,000 range with one block in Ocean Outlook selling for \$295,000! This is the highest vacant residential land sales in the area in many years.

This shows great confidence in the market from interstate buyers but we have also seen an increase in demand from local buyers within the Hervey Bay region.

With a number of large developments to roll out this year across the area 2020 is shaping up to be a big year in River Heads.

We are still desperately seeking more rental properties to keep up with the demand of applicants wanting to rent in River Heads so now is the best time to invest. Give us a call for a free rental appraisal on your property if you are thinking of renting.
